## JOB OBJECTIVE

Aiming to leverage expertise in React.js, Java, and other technologies to contribute effectively to innovative projects in a dynamic work environment.

## KNOWLEDGE PURVIEW

- Agile Methodology
- User Experience Design
- Cloud Computing
- Cybersecurity
- Project Management
- Quality Assurance
- Data Analysis
- Mobile Development
- Internet of Things

## EDUCATION

- **2022: B.Tech. in Mechanical Engineering** from Galgotias College of Engineering and Technology, Greater Noida
- **2016: 12<sup>th</sup>** from Muslim Inter College, Mau, Uttar Pradesh
- **2014: 10<sup>th</sup>** from P B S A S F R I C, Paraspura, Mau, Uttar Pradesh

## TECHNICAL SKILLS

- React.js
- Node.js
- Express.js
- Bootstrap
- Visual Studio Code
- Git
- Eclipse
- JavaScript
- Java
- HTML & CSS
- MongoDB
- SQL

## SOFT SKILLS

- Time Management
- Team Player
- Communication
- Problem-solving
- Critical Thinking

## PERSONAL DETAILS

- **Date of Birth:** 15<sup>th</sup> June 2000
- **Languages Known:** English, Hindi
- **Address:** Greater Noida - 201308, Uttar Pradesh

## PROFILE SUMMARY

- Mechanical Engineering graduate with a strong interest in application development and IT-related technical work.
- Proficient in **React.js, Node.js, Java, MongoDB, SQL**, and experienced with tools like **Git** and **Visual Studio Code**.
- Enhanced web applications by creating reusable React components and optimizing database structures as a Full-Stack Developer Intern at GvCloud Secure Pvt. Ltd.
- Proficient in modern web technologies and tools including **HTML, CSS, JavaScript (ES6+), Node.js, Express.js, React.js**, and **MongoDB**. Experienced with version control systems like Git and project management tools such as Jira.
- Qualified for the **NQT (National Qualifier Test) 2022**, demonstrating strong foundational skills and technical knowledge.
- Achieved a **5-star rating** as a **Java Programmer** on **HackerRank**, showcasing advanced Java programming skills and problem-solving capabilities.
- Possess excellent understanding of **Data Structures & Algorithms**, enhancing the efficiency of coding practices.
- Committed to continuous learning; collaborated with senior developers to expand knowledge and skills in **Full Stack Development**.

## INTERNSHIP

**Full Stack Developer Trainee | GvCloud Secure Pvt. Ltd. | Noida    Nov'23 – Jun'24**

### Key Result Areas:

- Worked on the creation of reusable **React components** and innovative Chart Libraries, enhancing **user interface design**.
- Developed databases, table structures, and architectural methodologies for web applications, optimizing performance and functionality.
- Conducted comprehensive **Testing** and **Debugging** procedures to identify and resolve technical issues promptly.
- Contributed to writing optimized code for APIs and integrating third-party libraries, ensuring seamless functionality.
- Collaborated with senior developers to gain insights and knowledge in complex project environments.
- Exhibited proficiency in **SQL** and **database technologies**, ensuring data integrity and security.
- Utilized code versioning tools like **Git** to streamline the development process effectively.

### Achievements:

- Successfully completed the **Netflix Clone** project, a Full Stack application providing users with a seamless online video entertainment experience.
- Developed a **Hospital Management System** using the **MERN stack**, integrating MongoDB, Express.js, React, and Node.js to enhance hospital operations and data management.
- Received recognition as a **5-Star Java Programmer** at **HackerRank**, showcasing exceptional skills in Java programming and problem-solving.

## CERTIFICATION

**Full Stack Developer Training | UnCodemy | Noida**

**Jan'23 – Oct'23**

- Developed proficiency in **React.js, Node.js**, and **Express.js**, enabling dynamic front-end and back-end **web development**.
- Implemented responsive web design principles using **Bootstrap**, enhancing user experience across devices.
- Integrated **MongoDB** and **SQL** databases to manage and retrieve data effectively in applications.
- Utilized Git for version control, ensuring collaborative and efficient project development.
- Applied object-oriented programming concepts in Java to create scalable and efficient software solutions.
